  - b) Hog Slat. Houser reported that the noise level was good for a few days but then it started back up and the noise level is unbearable even at 8:30 at night. Crossley said he spoke to General Manager and they are making an effort and are going to plant more trees to help deaden the sound. After more discussion Spurr said the property is zoned industrial and told Houser that there is nothing this board can do to resolve his issue because they are not violating any laws. He told Houser he could hire private counsel to pursue it further if he wanted to.
  - c) Reuse Authority/Economic Development update. Nothing new to report.
  - d) Jail water pressure. Tabled.
  - e) Responsible bidding ordinance. Crossley said they have reviewed and discussed the ordinance. He made a motion to allow, seconded by Wilson. Motion carried.
